Hello DoJ:

I just wanted to drop you a line to express my huge disappointment over your settlement with Microsoft. I realize you've got bigger fish to fry, what with the terrorist attacks on 9/11, but since your dept. invested so much time, energy, and effort into this trial -- why keel over and die now? Seriously, I've been teaching about this trial for the past 2-3 years now in most of my Telecommunications classes, and I can't believe you're basically slapping MS on their collective wrists again, knowing full well how they blatantly ignored similar "remedies" in the past.

You had them on the ropes and -- seemingly at the moment of victory -- opted to instead let MS slither away. I'm not a huge fan of Ralph Nader, but fully agree when his recent views on the settlement.

Bush (and consequently Ashcroft) have lost my vote in '04.
